ON A SIDE NOTE

Diseased Trees

Some of our trees in the common areas are displaying stress from disease. The maples and evergreens have been diagnosed with Rhizosphaera and Stigmina Needle Cast Disease (airborne fungal diseases). Talk of treatment or removal of trees its being addressed. Everyone is encouraged to inspect their own evergreens and maples and to treat any of these issues.

Great Summer Pool Party!

Wow! How fun was our pool party? We had great weather, good food, lots of fun, and wonderful fellowship. Approximately 70 of our neighbors attended and we demolished 225 Chick-fil-A chicken strips, 50 plus hot dogs, and umpteen brownies and cookies. A big thank you to Francine Bond for her planning and coordination of the party, especially considering her husband Eric had torn his ACL earlier in the morning of the party. Also, thank you to all that helped in the clean-up when the party was over. Greatly appreciated.

Quick Reminders

Trailers are not to be parked in driveways or on the street.

No parking on street overnight.

Slow down on streets as we have kids walking to and from school buses.

Submit Architectural Committee Review (ARC) application forms for activities referenced in and subject to our ARC Guidelines (can be accessed online at thearborsprings.com website).

A Big Thank You to Our Pool Security and Helpers!

Thank you, dear neighbors, for the daily opening and closing of the pool this summer. For the fifth year, Colin Carey took the responsibility of opening the pool in the mornings. Thank you Colin for your commitment in providing this great service.

Also, thank you to the Oppy, Hartley, Hermiller, Johnson, Hardin, Cape, and Kirkeiner families who volunteered to help with nightly closures. These duties included ensuring bathrooms were in order, lights were out, doors and gate locked and secured, picking up trash along 600E, emptying trash containers and placing bins at curb for weekly pickup. Lastly, we would like to recognize Paul Kirkeiner for coordinating the pool closure schedule and duties.

Looking for Some Fall Fun?

COST: \$8/person; credit cards accepted

In the Spotlight

Our neighbor and member of the HOA board, Scott Street, has just returned home after a 3-month armed service deployment to the middle east. Currently a Major, he has served for nearly 14 years in the Air Force Reserves flying the KC-135. While deployed, he flew 37 combat missions providing aerial refueling to both U.S. and allied fighter/ bomber aircraft. This is his 9th deployment since joining the service after 9/11. Welcome home Scott and thank you for your service and commitment to our country!

Other armed force neighbors of Arbor Springs have been recently deployed and we wish to say THANK YOU for their time and commitment to protecting our country and freedom.
