## ON A SIDE NOTE

---

### **SCHOOL SAFETY**

It is, unfortunately (especially if you are a child!), that time of year again. School starts next week. Please be cautious and aware when driving through our great neighborhood. Speed limit is **25 MPH**. Please take note and watch for children.

# Summer Party Time!!

**WHEN: Saturday, August 12, 2017**

**WHERE: Arbor Springs Pool**

**TIME: 4 – 7 PM**

**WHO'S INVITED: EVERYONE!**

Arbor Springs end of summer fling is going to be an old fashion POOL PARTY. Music, hot dogs, chicken strips, chips, condiments, drinks, and dessert will be provided.

We are in need of a couple bean bag toss games, so if you have one to share, please contact any member of the HOA.

So bring your smile, swimsuit, towel, and folding lawn chair, and join your neighbors for some fun in the sun!

## Quick Reminders

- Dogs (all sizes) are required to be on a leash when walked. This not only protects your dog(s) but also other animals and people. Best way to avoid any incident is to plan ahead and use a leash.

- If your dog poops, please use a scoop!! Be courteous to your neighbors and clean up after your pet when on walks.

# MAILBOX

## Beautification

You still have time to take advantage of teen resident Henry Hartley's offer to paint your mailbox post for a minimal fee of \$20. He will also caulk cracks in post before painting for an additional \$15 and attempt to remove oxidation on the mailbox and polish for another \$10. Please note, depending on the age of the mailbox and degree of paint deterioration, the oxidation removal may not have much/any effect. Henry's fee includes materials for caulk/polish; paint is provided by your HOA. If interested, contact Henry at 317-997-6270.

## THROWING SOME "SHADE" AT THE POOL

Within the next two weeks, at the request of our pool enthusiasts, Arbor Springs HOA Board will provide two (2) pool umbrellas and install shade tarps over the left and right side of the pergola on the pool deck.

It is imperative that everyone who uses the umbrellas take responsibility for their care. **If you open an umbrella, it is your responsibility to close it before leaving the pool area.**

Also, if you see an umbrella open, and no-one in the area, please take the time to close it. Pool umbrellas are very susceptible to damage by wind and your help is important and appreciated.
